About Universal:

Universal Truckload Services, Inc. is a leading asset-light provider of transportation, value-added and intermodal services throughout the United States, Canada and Mexico. Our transportation services include dry van, flatbed, heavy haul, dedicated, refrigerated, shuttle and switching operations as well as full service domestic and international freight forwarding, customs brokerage, final mile and ground expedite. We offer our customers brokerage transportation for greater service options and additional capacity. Our custom-developed value-added services include material handling, consolidation, sequencing, sub-assembly, cross-dock services, kitting, repacking, warehousing and returnable container management. Intermodal operations include rail-truck, steamship-truck and support services.

Some of the statements contained in this press release might be considered forward-looking statements. These statements identify prospective information. Forward-looking statements are based on information available at the time and/or management’s good faith belief with respect to future events, and are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in the statements. These forward-looking statements are subject to a number of factors that may cause actual results to differ materially from the expectations described. Additional information about the factors that may adversely affect these forward-looking statements is contained in the Company’s reports and filings with the Securities and Exchange Commission. The Company assumes no obligation to update forward-looking statements to reflect actual results, changes in assumptions or changes in other factors affecting forward-looking information except to the extent required by applicable securities laws.
